

Lester B Pearson School Board Parent Committee Meeting Summary

LBPSB Facilities & Security Committee Meeting

Feb 13, 2017

5:30 p.m., Sources Adult and Career Centre (Riverdale)

5080 Sources Blvd, Pierrefonds

MEETING SUMMARY

Attendees:

Committee members:

C. Berger (Chair)

D. Pavone,

E. Bender

Administrators:

C. Heffernan

B. Côté

C. Alain

PC representative:

D. Zerkler

Updates:

The status of several ongoing projects were presented. There is no action required by the PC at this time.

- SACC/Riverdale: We toured both the Sources Adult and Career Centre (SACC) and Riverdale, where work was set to begin. The entire project is a three year plan with a 3.4M budget.
 - Major school change
 - Separate Riverdale from SACC on second floor
 - New cafeteria and staff room
 - Water main from entrance to woodshop
 - Fire safety upgrade
 - Improving air quality/ventilation cleaning
 - Improved accessibility
 - New kitchen refrigerators
- Carbon Monoxide: We discussed going beyond the current building codes to install carbon monoxide detectors in every school. We agreed that it is likely a cost effective safety measure and decided to study this further.
- Lockout/tagout presentation: In 2016, there were small amendments to the provincial code regulating the lockout/tagout recommendations from the province. This is a safety procedure for workers that operate in dangerous areas, especially regarding live wires. We discussed how this will impact work done at LBPSB. There will not be any noticeable impact.

The above meeting summary constitutes the general understanding by David Zerkler of the meeting content. Please advise David Zerkler of any errors or omissions.

Lester B Pearson School Board Parent Committee Meeting Summary

- Sunshine Drinking water: 1 out of 2 lead tests of the drinking water in Sunshine Academy found slightly elevated levels of lead. The level of lead was said to be a non-issue for people of any age, though could pose a slight risk to pregnant women. The circumstances suggested that the first test may have been faulty, so a second test was performed. The second test turned up with no lead. At the time of the meeting, we were awaiting the results of the third test. In the meantime, the students and staff have been given water bottles.

Date of next meeting:

Mar 13, 2017

Location, LBPSB
